

9 Things

YOU ABSOLUTELY

**MUST
KNOW**

- In Order To -

Live In The Private

Hi, my name is Brad Tipton. I help people learn to learn how to quickly and inexpensively set up their lives in the Private.

I'm a former negotiator for Wells Fargo, I'm a former licensed mortgage broker and I'm the former owner of a stock purchasing and selling company. So, I KNOW what I'm talking about insofar as debt removal, Promissory Notes, Private Administrative Processes, legal documentation, stocks, CUSIPS, banking and **LIVING IN THE PRIVATE**.

While there are many things to learn about living in the Private, I have found that there are only 9 Things You Absolutely MUST KNOW In Order To Live In The Private.

In This Book, I share those nine things to help you focus on what's most important.

Why do I share this information? Simple. To keep you from wasting your time focusing on what I call "shiny objects".

Shiny objects are really cool things to know as you start learning how to live your life in the Private.

However, those shiny things usually DON'T work consistently. Or, they take years to learn or master. Or you have to pay someone thousands and invest hours of reading or watching videos to properly learn the information. And you know what? That process can be overwhelming and frustrating.

So, in this book are the things I have found that work without you having to invest a lot of time, money, or effort.

I call them the, **9 Things You Absolutely MUST KNOW In Order To Live In The Private**.

Please enjoy this information and please feel free to contact me with feedback or with questions.

All the Best to you on your journey to live free and empowered in the Private!

There are so many gurus on the online, on video, in FB groups and all over the place that talk about becoming an SPC or about living in the Private.

And while guru's may have really great things to share, the reality is if you don't know the nine things I mentioned above, then NONE of what the guru's say will ever properly work in your life.

The items I mentioned above are NOT shiny objects, instead they are the time-tested, proven, tried and true foundation blocks for successfully living in the Private.

Once you learn the nine items I mentioned above, you'll be able to be free to live the life the way you want, enjoy the relationships you want, be free from debt of all kinds, and make all the money you desire.

If you are unsure about how to activate any (or all) of the nine items I mentioned above, or if you want a deeper dive or more step-by-step instructions, then please let me know. I'm happy to help.

All the very best to you in your journey to living in the Private!
